

20g over & under by Beretta 29 1/2" x 2 3/4" barrels

Description

This is a Beretta SO9 in beautiful condition. Engraving by M Candito is fine scroll, with grey partridges on the left-hand side, settling mallards on the right with a woodcock in flight on the underside of the action. The gun has a single non-selective trigger, auto top safe and a rolled edge guard. It has its original highly-figured woodwork with a vacant silver engraved plate. A super gun which has been beautifully made. This gun would be capable of firing standard steel cartridges if the top choke was reduced.
