

12g A&D Ejector by Charles Smith & Sons – 28 2 1/2? barrels

Description

This is a Birmingham made Charles Smith box lock, with a spindle lever system, rocker safe and Southgate ejectors. Although there are a few pit marks in the barrels, they are nothing to worry about and I wouldn't even attempt to remove them. Barrel length is 28 x 2 1/2? and the stock length is 14 5/8?. All in all a clean little gun that will last a life time.

WEIGHT:		6lbs 10oz					
CONDITION:		A couple of small marks in the tubes, 75% colour hardening					
PROOF		READING		WALL		CHOKE	
Right:	729	Right:	733	Right:	21	Right:	1/4
