

Pair of 20g sidelock ejectors by AYA 28 x 2 3/4" barrels

Description

This is a pair of consecutively numbered 20g AYA round bodied no.2's. The action and locks are engraved with fine scrollwork. They have rolled edged trigger guards, hinged front triggers, 28" x 2 3/4" Teague choked barrels and 14 7/8" straight-hand, one-piece stocks. They've just been stripped and cleaned and four new strikers turned, hardened and tempered; so they are ready to go. Being multi-choked, with the correct choke selection, they will fire standard steel cartridges. They come in their leather cornered lightweight leather case with AYA trade label. Quite a scarce pair of guns.
