

12g semi-auto, two shot by Browning – 27 1/2" x 2 3/4" barrel

Description

This is a Browning two shot, and is likely to have been built in the 1960s, (a bit like myself actually). The gun is in fantastic condition and will make a great reliable gun for somebody. I haven't seen one of these for years. It has a 27 1/2" barrel, with a 2 3/4" chamber and is choked at 1/4 – a very well made semi-auto.
