

12g boxlock ejector by F. Jager & Co with ornamental side plates – 32" x 2 3/4" barrels

Description

This is an F. Jager & Co boxlock ejector with ornamental side plates. It's a 32" live pigeon gun in fantastic condition with an engine turned ventilated top rib, an ivory foresight and has pretty much all its original finish. There had been a mid bead which has been removed and replaced with a steel infill. It has a concealed square cross-bolt, a single non-selective trigger, a beavertail fore-end and the action has side slips. It has a very short stock at 13 3/4" which includes a 1" recoil pad. What a beautifully built gun.

WEIGHT:		8lbs 5oz					
CONDITION:		Perfect barrel condition other than one minute dent in left tube
