

28g round action by J MacNaughton – 24" x 2 3/4" barrels

Description

This delicate little 28g round action, was built circa 1885. The gun has re-proved, 24" x 2 3/4" Damascus barrels. The action and lock are sparsely engraved with the scroll. The name MacNaughton, Edinburgh is engraved across the balls of the action. This is a lever cocking version, the top lever is pierced showing the inspection port and is fitted with MacNaughton's characteristic pendulum safe. The gun is totally original other than the replacement fore-end wood. The gun only weights 4 1/2lbs, it would be a pleasure to carry all day.

WEIGHT:		4lbs 8oz					
CONDITION:		Some small patches of light pitting
