

Left handed 16g sidelock ejector by Cogswell & Harrison – 27 1/2inch barrels with 2 1/2? barrels

## **Description**

This Cogswell & Harrison was built, circa 1925 and is the extra quality victor model. It's not to be confused with the Cogswell's coil-springed ejector system, problematic – this gun is fitted with Southgate ejectors. Barrels, which have a third to be fastener, measure 27 1/2? with 2 1/2? chambers. Engraving style on the action and token acanthus scroll and floral bouquet and the gun blour. The 14 7/8 straight hand stock is cast for the left retains about 50% of its original hardeni shoulder and there is a left ha on the strap and trigger blades. A full mechanical overhaul has been carried out, including poishing and blacking the furniture and re-chequering and blueing the
