

12g A&D ejector by AYA 28 x 2 3/4? barrels

Description

This is an AYA No. 4, which, apart from the usual scratches and bashes on the stock, it's in pretty much new condition retaining over 90% of its original hardening colour. For those of you who require a long stock it has already been extended with a ventilated recoil pad to the length of 15 3/8?. It has 28 x 2 3/4? barrels. With the chokes modified this gun would be a candidate for steel shot.
