

12g A&D ejector by W.W. Greener – 28 x 2 1/2? barrels

Description

This is a grade 35 W.W. Greener, the top rib reads “W.W. Greener maker, 29 Pall Mall, London, SW, Works St Mary’s Square, Birmingham”. The 28? x 2 1/2? chambered barrels are in good condition with two small repaired dents in the left tube. Although 2 1/2?, the gun proved out to 1 1/4oz of lead. It’s fitted with Baker ejectors and rather unusually an auto side safe, the vast majority of these side safes are manual. The gun retains about 20% of its original hardening colour and has a 14 7/8? one piece straight-hand stock. The fore-end has a Deeley catch. All-in-all a good clean gun.

WEIGHT: 7lbs 12oz

CONDITION: Two small repaired dents in left tube, 20% original hardening colour.
