

4g single barrel by William Powell & Son 42? x 4? barrel

Description

This fabulous big gun by William Powell and Son has a 42? Damascus barrel, a 4? chamber and is nitro proved. The action, lock and hammer, are engraved with bold scroll work. The back action lock is non-rebounding and the gun locks up with a Jones' underlever. It has a 14? stock with Silver's recoil pad and a vacant silver escutcheon plate. Would make a fabulous walked up gun, but probably better suited for wild fowling! It comes in a very well made and designed wooden case.
